

Summer School 2013 Feedback

About the facilitators

The facilitators were a lot of fun and really got involved! They were the absolute best!

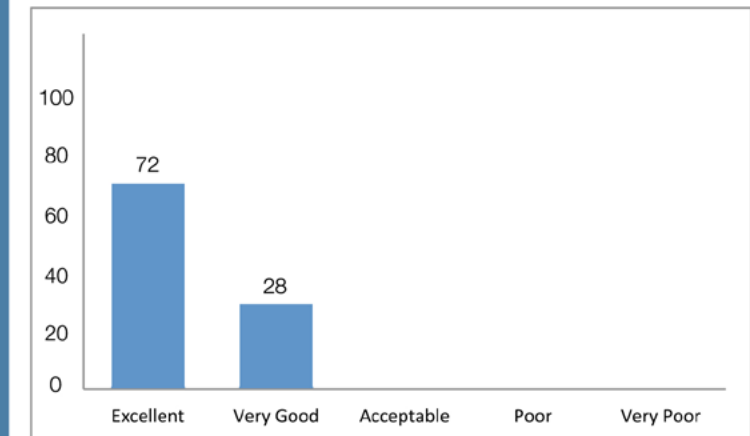

Top left to right:
 Dr Imran Qureshi: Director General of DAPS and Specialist Registrar in Microbiology
 Dr Keefai Yeong: Consultant Orthogeriatrician & DAPS Clinical Lead, Ashford & St Peters NHS Trust
 Dr Sarah Hammond: Consultant Anaesthetist & DAPS Executive Director, St George's Hospital
 Mr Rob Bethune: Surgical Registrar, Board member of the Network, Severn Deanery
 Dr Helen Ward: Respiratory Physician, Director of Patient Safety, Prince Charles Hospital, Brisbane
 Dr Samah Alimam: NWLS Chair and Specialist Registrar in Haematology
 Dr Agatha Nortley-Meshe: General Practitioner, Former Darzi Fellow
 Dr Matt Burman: Specialist Registrar in Respiratory Medicine

Logistics

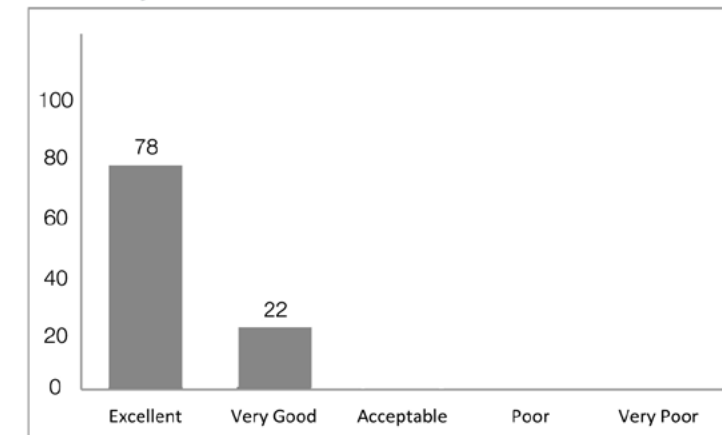

The following graphs demonstrate the results from feedback about the Summer School regarding the logistics of the School by participants.

The x-axis lists the possible responses that the participants could select from and the y-axis demonstrates the percentage of responses.

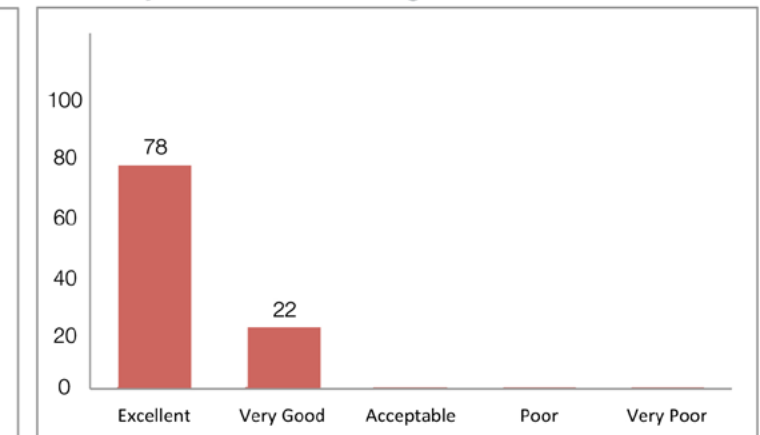

What did you think of the Summer School overall?

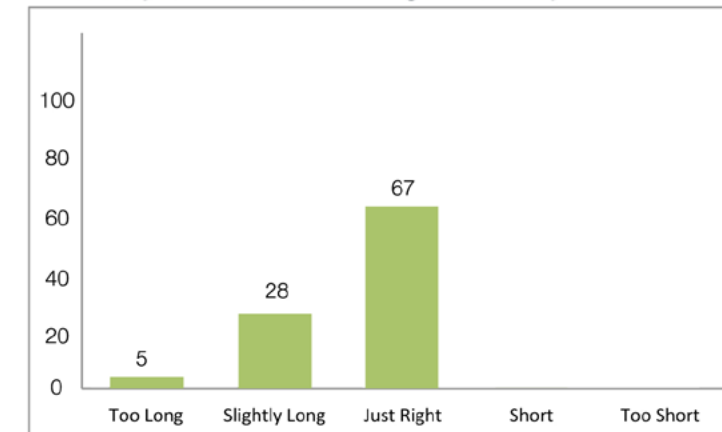

What did you think of the conference facilities?

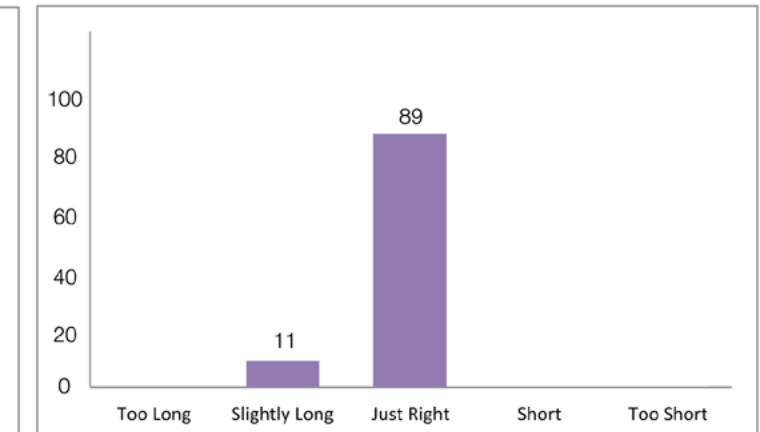

What did you think of the catering?

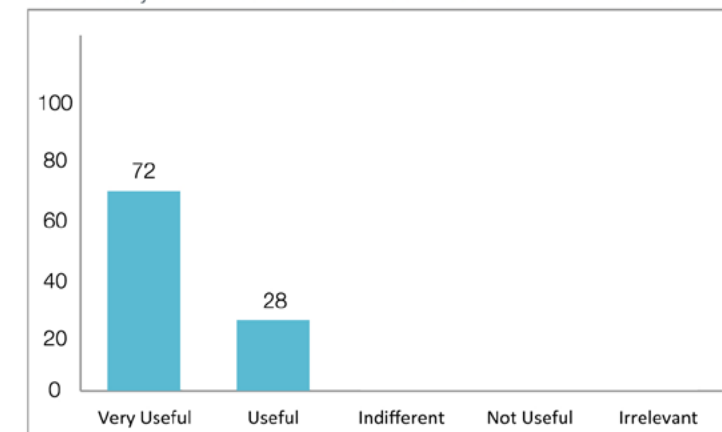

What did you think about the length of the day?

What did you think about the length of the sessions?

What did you think about the usefulness of the sessions?

Sessions

Participants were asked to rate the sessions from one to five where a score of one was poor and a score of five denoted excellence.

The average score from the feedback is provided next to the session.

4.8 - Campaigns

The groups had to design a national campaign around a topic of their choice

Participants were allowed time to play golf, visit the sauna, play table-tennis or simply relax

4.3 - Time-Out Activities

4.2 - Stella

Stella delivered a session on leadership and how it related to the participants

5

Groups were required to debate two topical motions around patient quality and safety

4.8 - Debate

4.6 - QI Presentations

Participants had to deliver a 3-minute presentation on a QI project they had done

4.2 - Technology

Participants were asked to design a website to improve quality & safety

4

Re-Attend

All participants were asked if they would attend a Summer School again. **They** said that they would bar **one** who said that he would not even though it was enjoyable.

‘The Summer School was a very relaxed atmosphere, a non-hierarchical nurturing environment to cultivate ideas and think-tanks’

'The Summer School reminded me why I am passionate about QI'

'It was an excellent weekend. I found it inspirational and am overwhelmed at the number of amazing ideas being generated'

‘Made some amazing friends, done some revolutionary things and feel that this is only the tip of the iceberg’

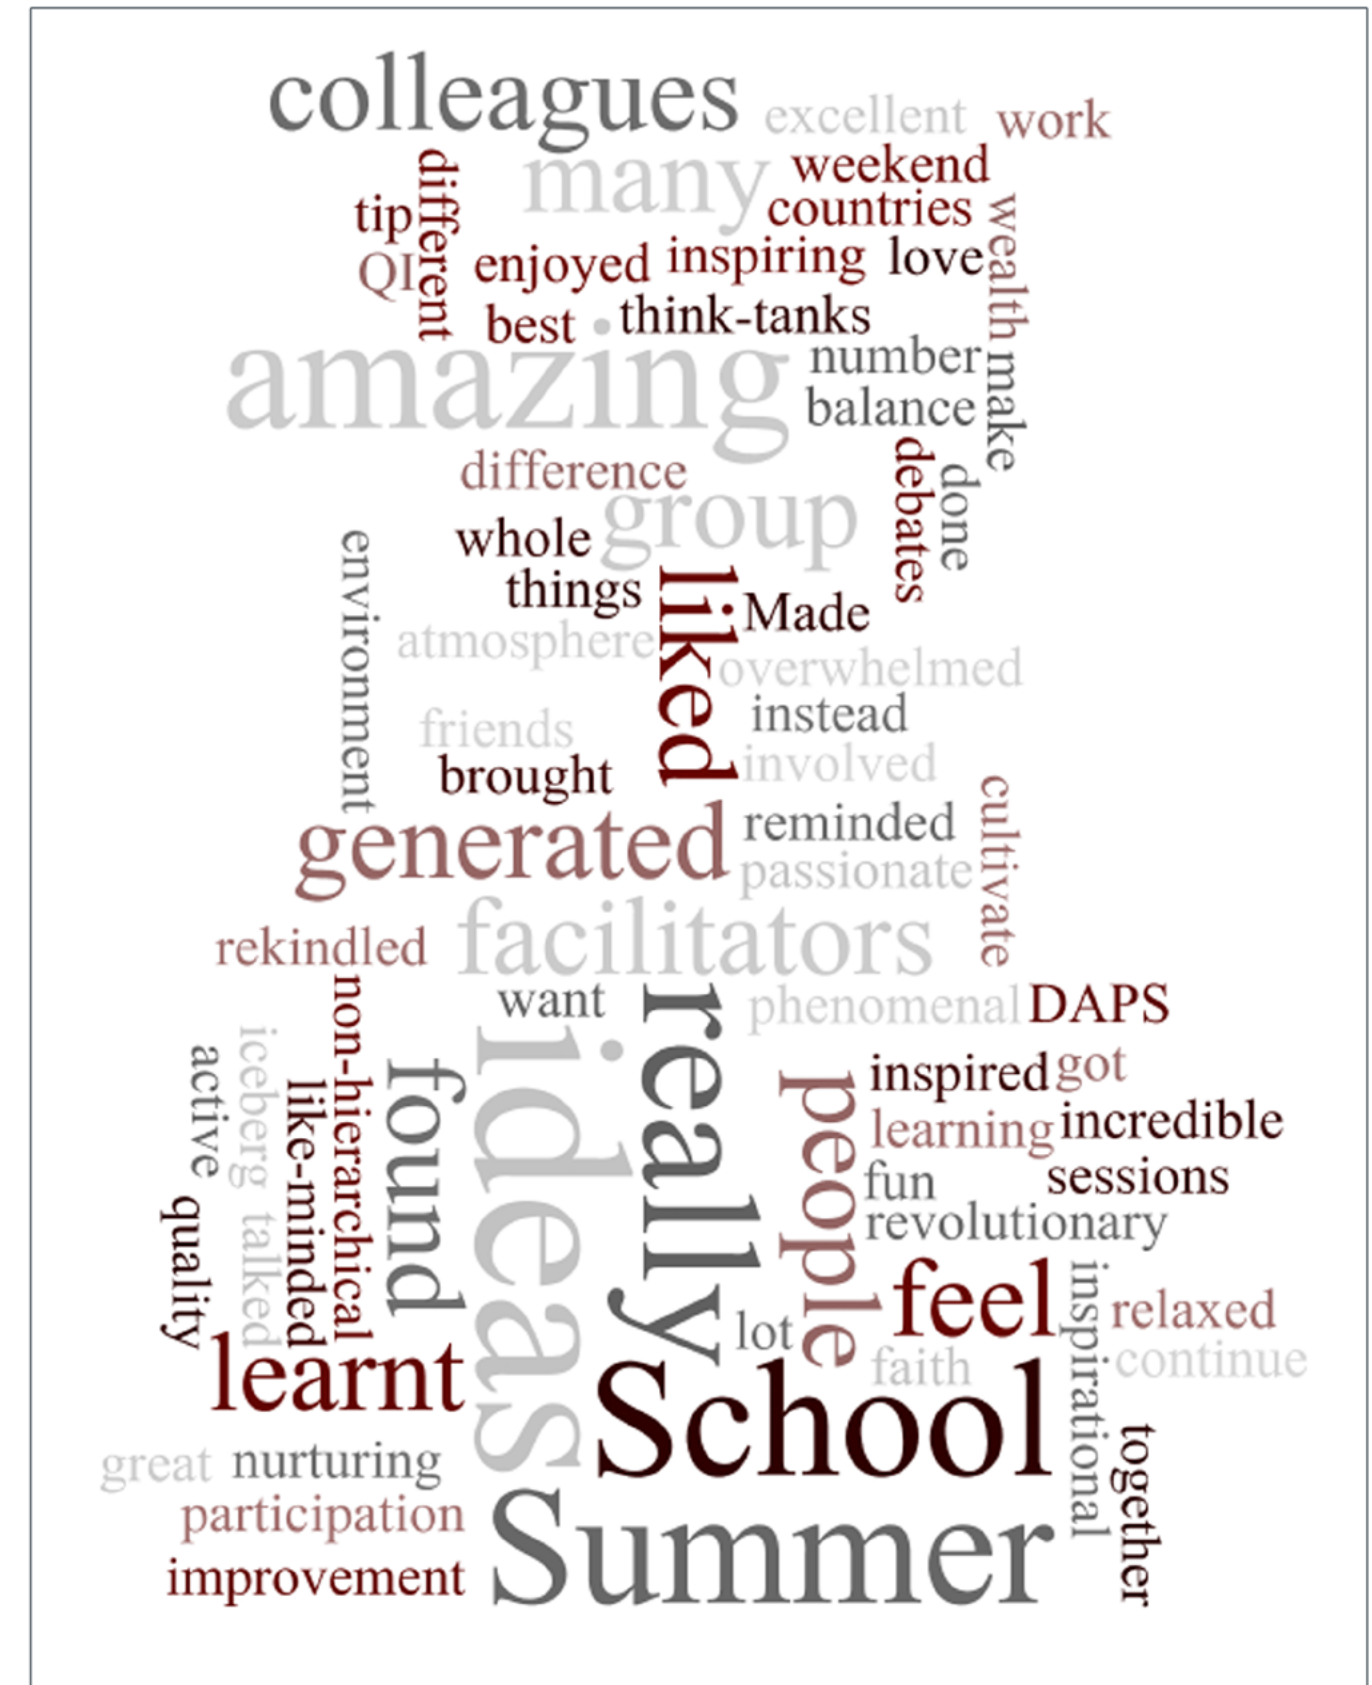

'The Summer School rekindled my faith in my colleagues'

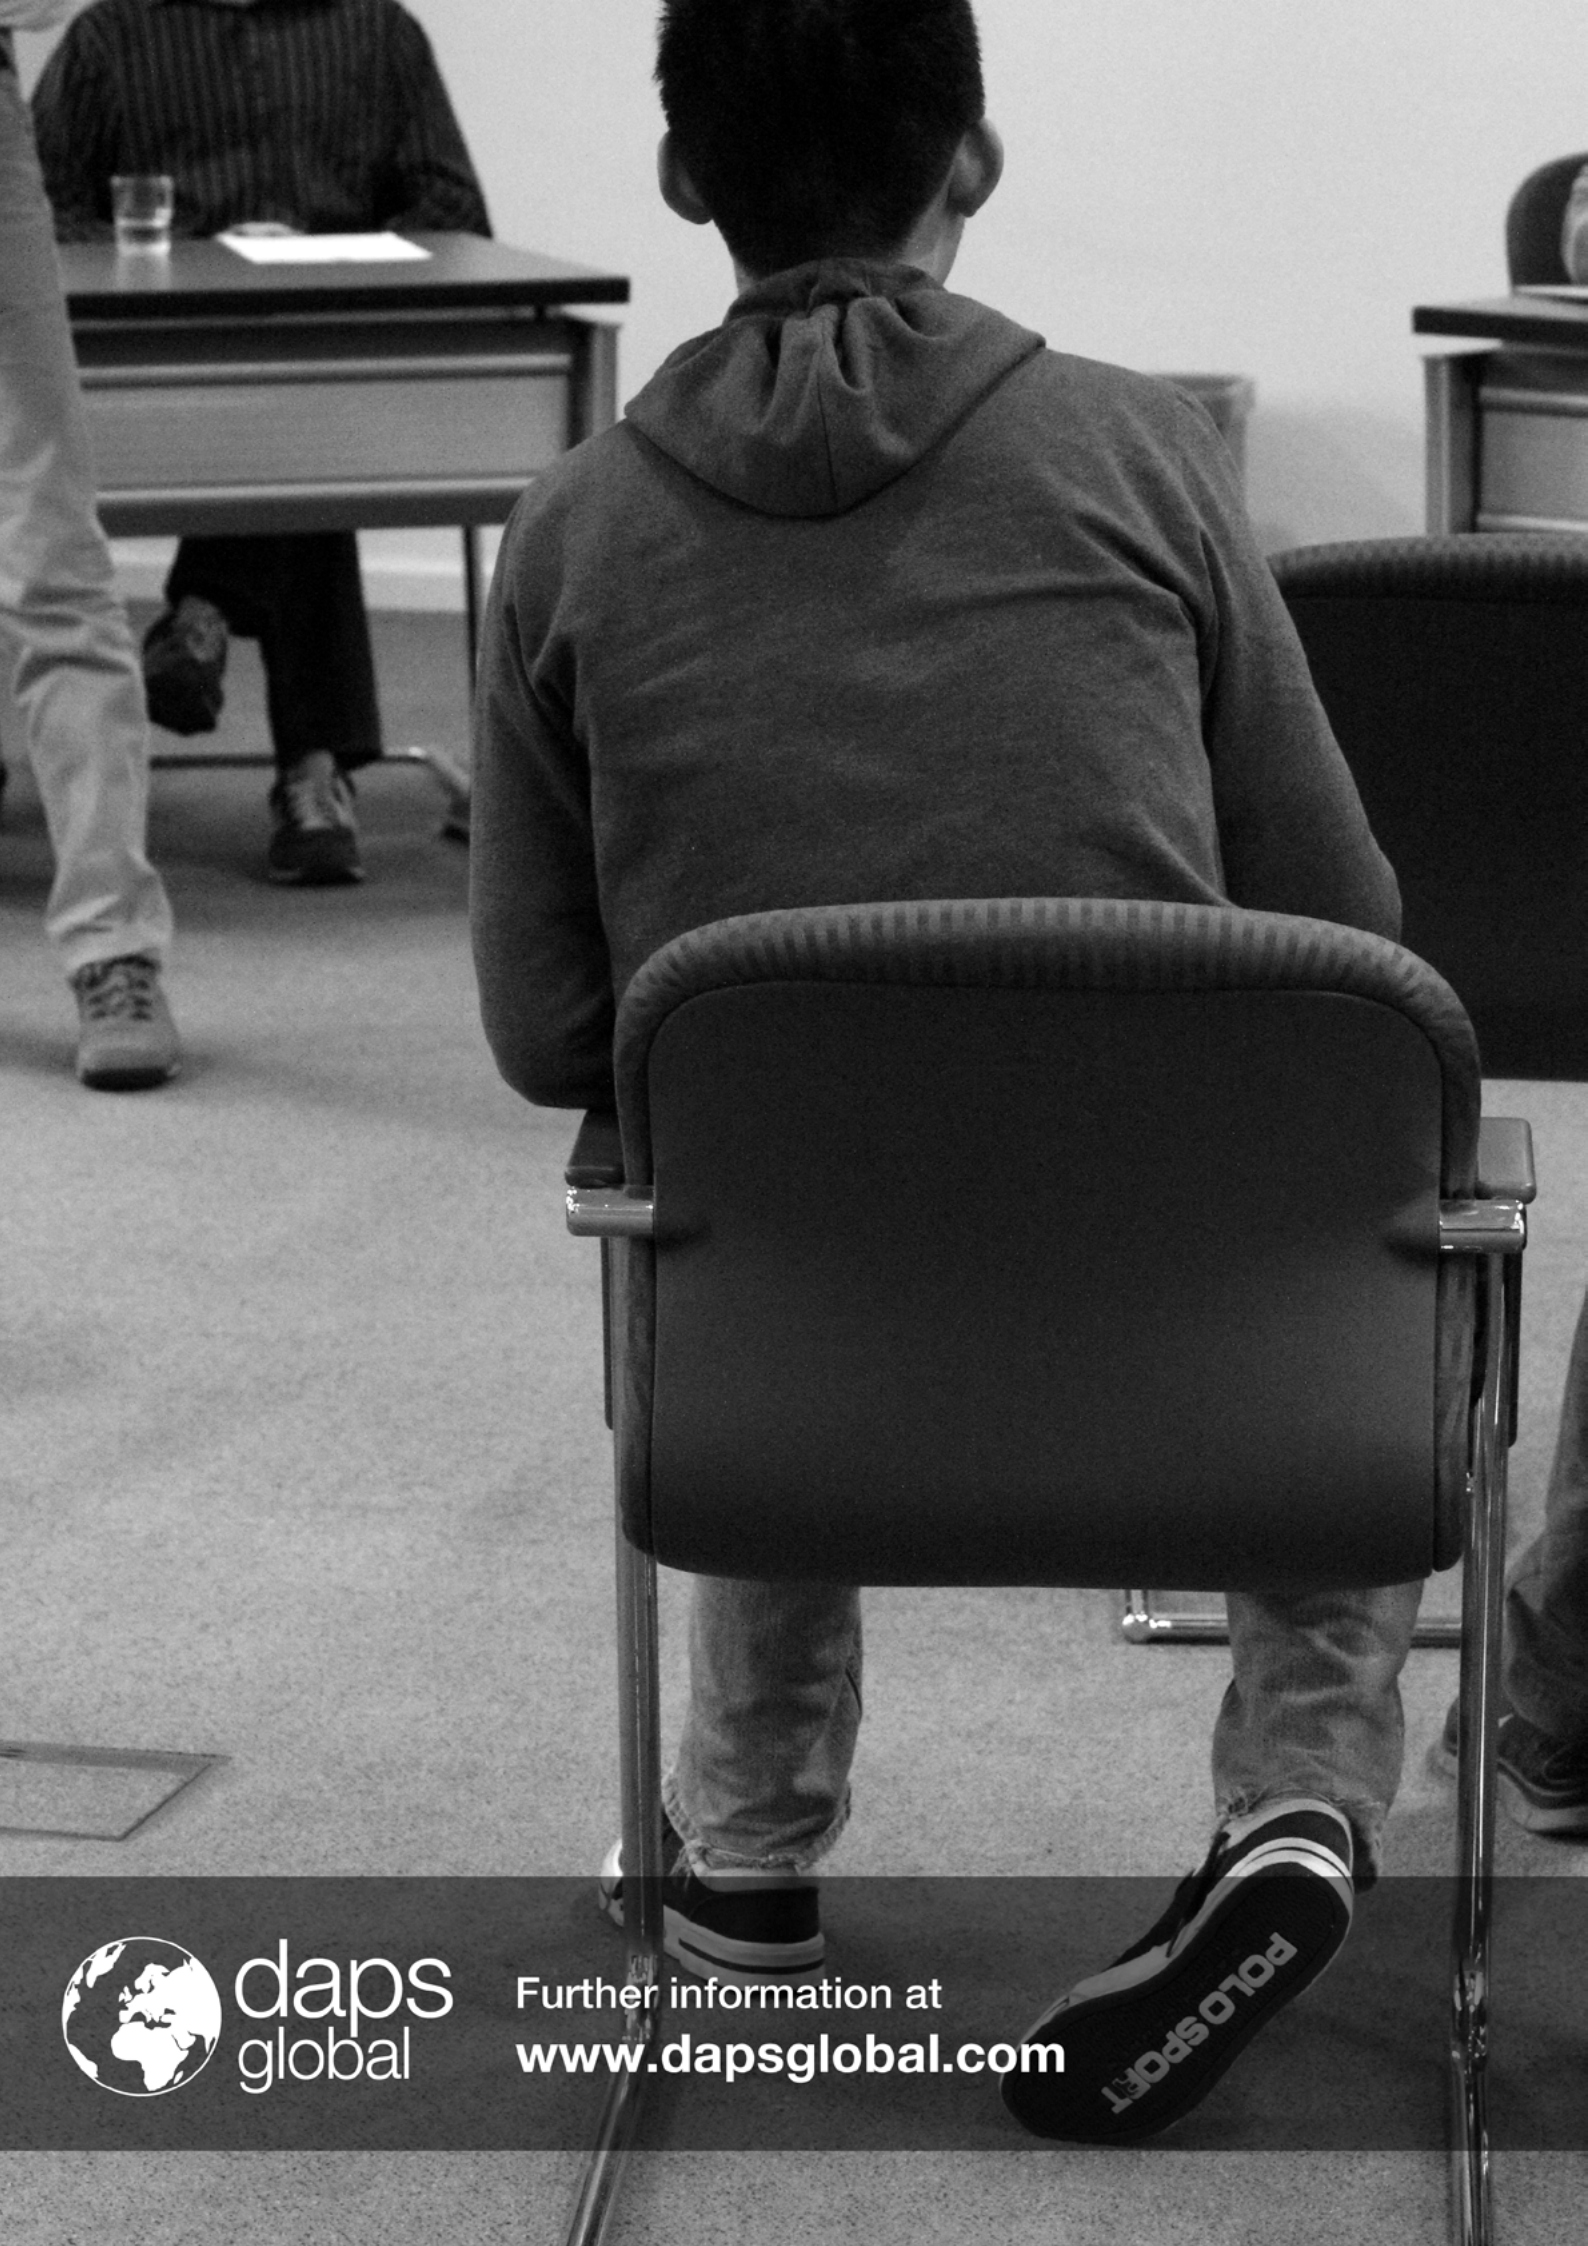

‘We weren't talked at - instead we learnt from each other through active participation’

Feedback Cloud

This feedback cloud has been generated by comments made by participants on their feedback forms.
