

Summer School 2014 Feedback

About the facilitators

The facilitators really made me feel part of the team and a valued individual. Awesome!

Top left to right:

Dr Imran Qureshi: Director General of DAPS and Specialist Registrar in Microbiology
 Dr Keefai Yeong: Consultant Orthogeriatrician & DAPS Clinical Lead, Ashford & St Peters NHS Trust
 Dr Kayur Patel: National Medical Director Clinical Fellow, KSS ACCS Trainee, Head of Summer School
 Dr Sajeda Youssuf: Renal Registrar, QI Fellow at the Salford Royal Hospital NHS Foundation Trust
 Dr Helen Ward: Respiratory Physician, Director of Patient Safety, Prince Charles Hospital, Brisbane
 Dr Samah Alimam: NWLS Chair and Specialist Registrar in Haematology
 Dr Agatha Nortley-Meshe: General Practitioner, Former Darzi Fellow

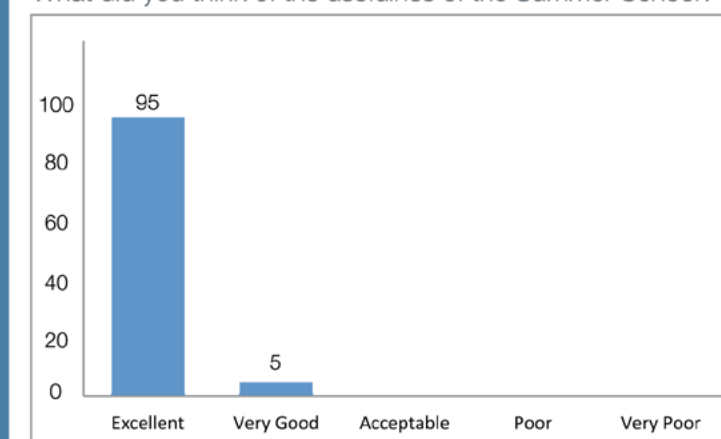

Back cover picture courtesy of the talented Dr Matt Smith

Logistics

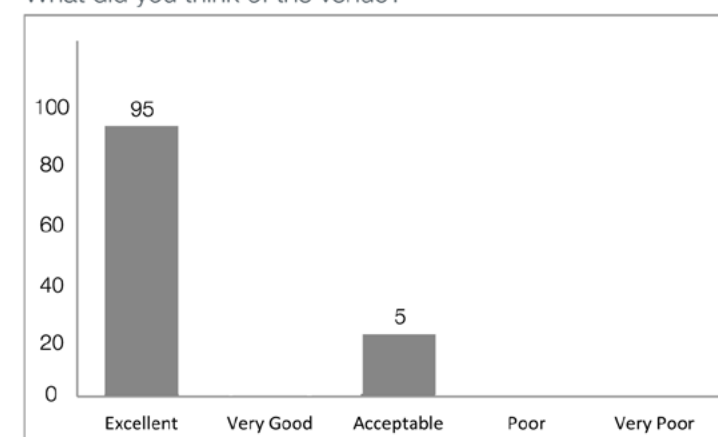

The following graphs demonstrate the results from feedback about the Summer School regarding the logistics of the School by participants.

The x-axis lists the possible responses that the participants could select from and the y-axis demonstrates the percentage of responses.

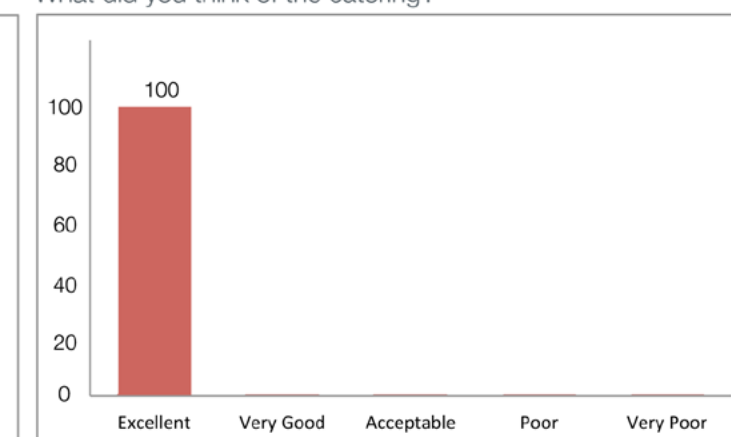

What did you think of the usefulness of the Summer School?

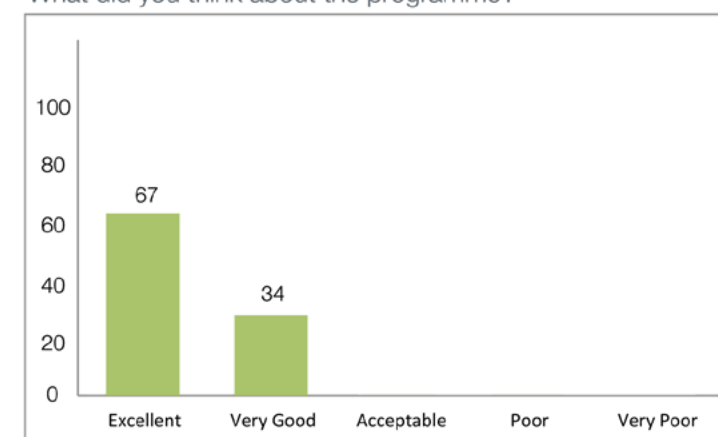

What did you think of the venue?

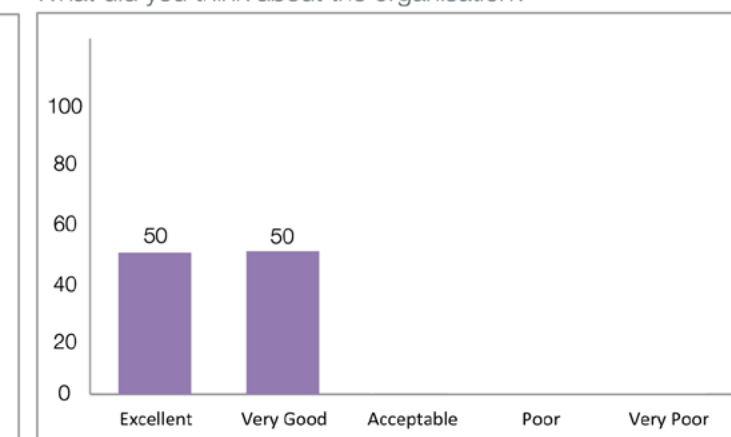

What did you think of the catering?

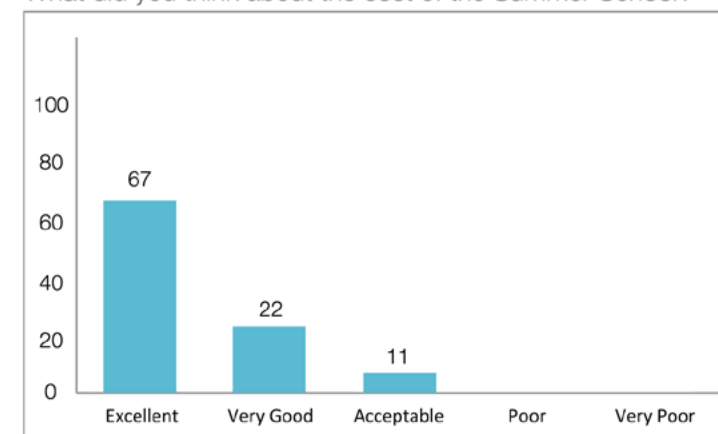

What did you think about the programme?

What did you think about the organisation?

What did you think about the cost of the Summer School?

Sessions

Participants were asked to rate the sessions from one to five where a score of one was poor and a score of five denoted excellence.

The average score from the feedback is provided next to the session.

4.8 - Stella

Stella delivered a session on leadership and how it related to the participants

4.5 - Debate

Groups were required to debate two topical motions around patient quality and safety

4.2 - Problem Solving

Participants were asked to solve a particular problem relating to Quality & Safety

5

The groups had to design a campaign around improving morale in the NHS

4.9 - Campaigns

4.7 - Technology

Participants were asked to design a technology solution for the future

4.5 - QI Presentations

Participants were asked to deliver a presentation on their QI project

Recommend

All participants were asked if they would recommend the Summer School to a friend. All participants stated that they **would** recommend the Summer School to a friend.

‘Very impressed by the energy, motivation and calibre of both participants and facilitators’

‘Enjoyed meeting others with similar interests’

“The best aspect of the Summer School was the groups of people coming together to generate idea and teaching people to think differently’

'Actually achieving what felt like pretty major achievements in such a short time'

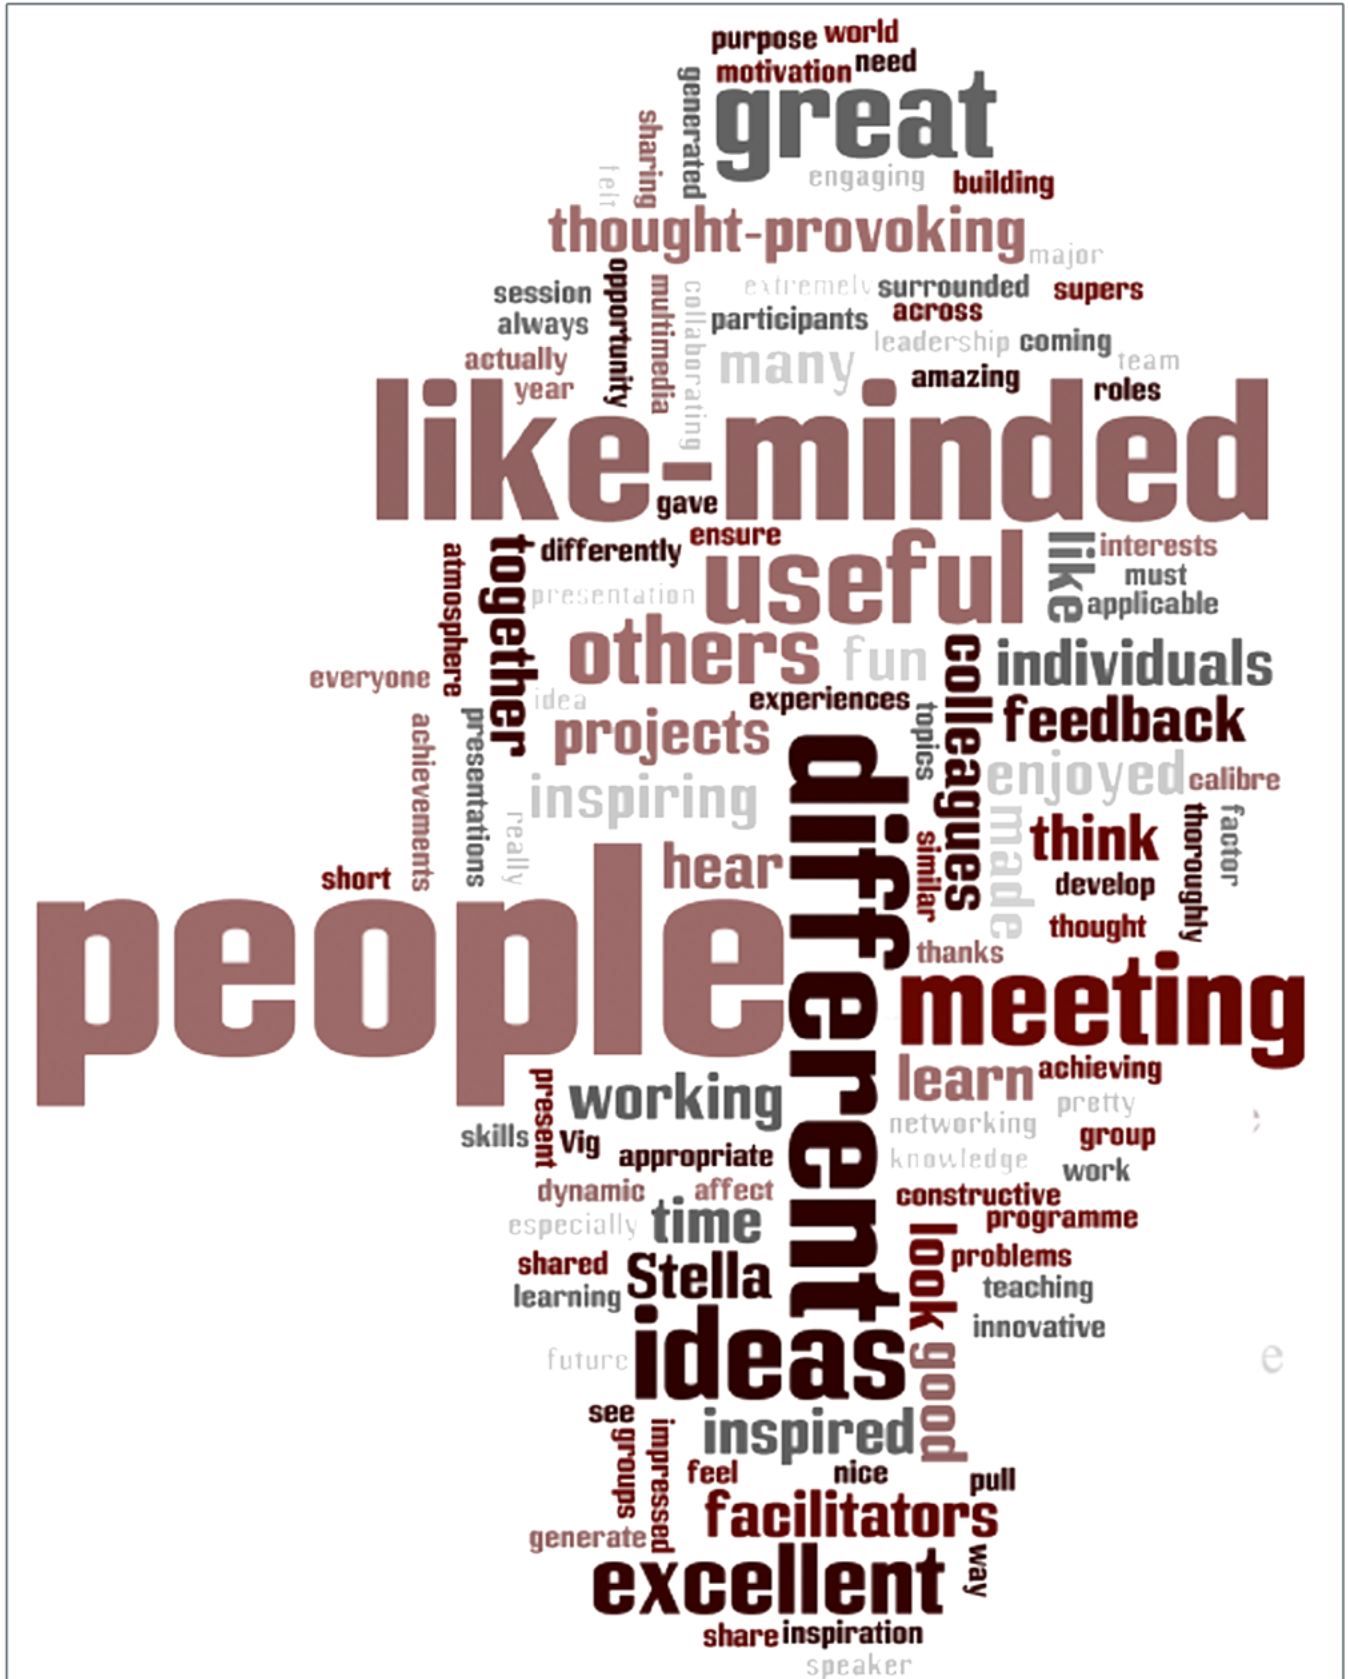

'The atmosphere generated by the facilitators was amazing'

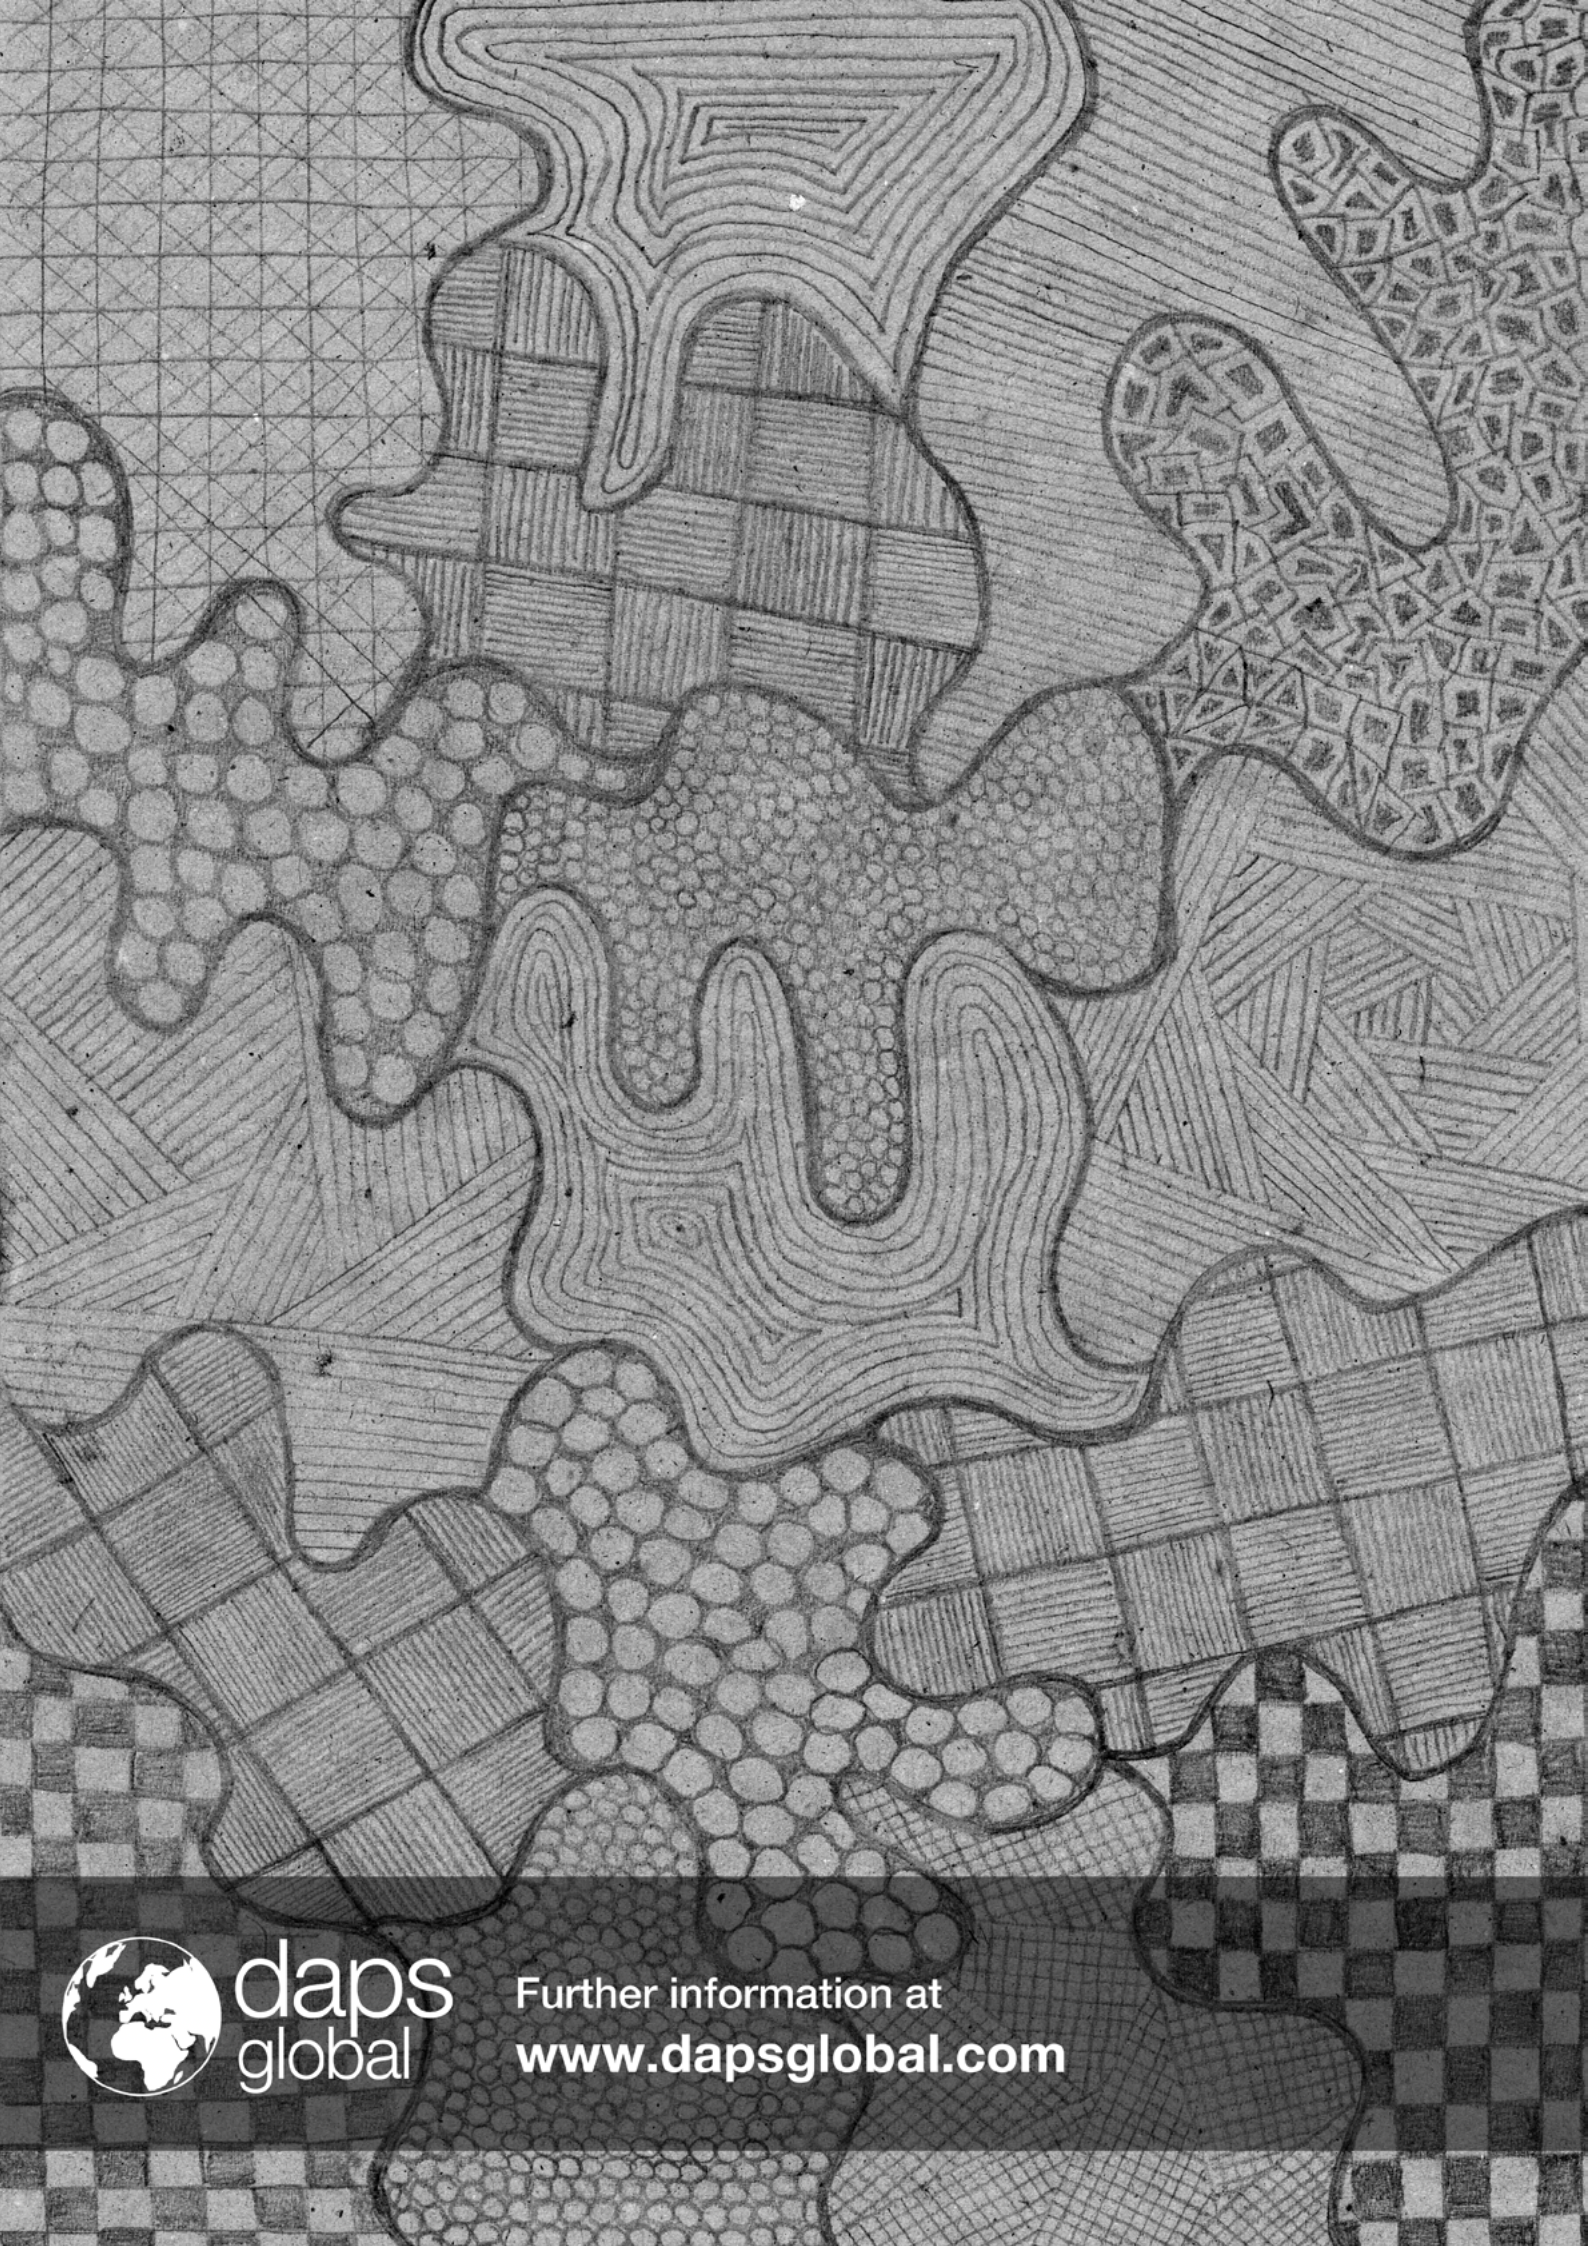

‘All the problems gave me an opportunity to hear from others with different skills/knowledge and develop myself and what I need to work on’

Feedback Cloud

This feedback cloud has been generated by comments made by participants on their feedback forms.
